Upper tier registration

You are registered as a upper tier waste carrier, broker or dealer under The Waste (England and Wales) Regulations 2011 because you have declared that you meet one of the following criteria:

You deal with waste from other businesses or households

You supply a waste disposal service

You transport construction or demolition waste

Legal responsibilities for waste

If you produce, carry, import, keep, treat or dispose of waste, or manage it for other people, you have a legal 'duty of care' for that waste. The duty of care aims to protect the environment and human health. There are some simple rules you must follow:

If you give your waste to another person or business you must check they are properly authorised to accept it, e.g. as a permitted site or a registered waste carrier

Make sure the correct documentation is completed for each transfer of waste and that it correctly describes the waste

Make sure any waste is safely handled and stored

Minimise the environmental impact of waste by prioritising waste prevention, re-use, recycling and recovery over disposal. This is known as applying the 'waste hierarchy'
